

Kiwanis

Club Excellence Tool

Club excellence is about delivering a meaningful and fulfilling club experience to all members. By providing a positive club experience, and educating and inspiring members, you take important steps to ensure your club's vitality and strength, and help grow Kiwanis!

You can help your club and your members by evaluating your club experience. Creating an excellent club experience is everyone's responsibility! Review and discuss your answers with club leaders and members, and determine how you can make the most of your club meetings.

This is not a test. It is a self-evaluation tool designed to help you monitor the health of your Kiwanis club. You do not pass or fail. Based upon your responses, you will be encouraged to evaluate your club, recommend improvements, and implement them.

Please take a few minutes to review each statement, and select the response that best represents your club experience. Place the number that corresponds to your answer on the line next to the statement. The questions are divided into categories to help you evaluate all components of the club experience. Add the total for each statement at the end of the tool.

Club Meeting

_____ 1. Personal reminders of “why” we serve are shared at meetings.

1. Never
2. Rarely
3. Occasionally
4. Frequently
5. Always

 5. Always

Club Strategic Plan

- _____ 25. The club strategic plan drives club activities, is reviewed annually and contains measurable outcomes.
1. Never
 2. Rarely
 3. Occasionally
 4. Frequently
 5. Always

Evaluate the Results

One of the benefits of Kiwanis is that clubs are unique in their service and culture.

But in the end, the goal is the same for all of the Kiwanis family—to provide significant service to your local community.

Record your club excellence score and begin to evaluate your club, recommend improvements, and implement them.

Club Excellence Score: _____

Is your score one hundred (100) or above?

Congratulations! You're overall club experience is a great representation of how your club impacts your community. Celebrate your many successes and think strategically how your successes can cross into your opportunities for improvement. What are you doing well? And how can those traits bridge the gap between your strengths and your opportunities for improvement?

Is your score between 75 and 100?

This is a great scenario! While your club has a few opportunities for improvement, you can build on the momentum of current strengths. Not sure where to start? Look at the club meeting! The first impression of your club to a guest is probably the first club meeting they attend. If the club meeting isn't a good use of their time, they may think twice before visiting again. Review those questions you honestly answered 1, 2, or 3 and think about how you can implement change.

Is your score less than 75?

Thank you for your honesty! The first step to implementing change is acknowledging that change needs to occur. Now that you're ready to think about improving your club experience, you need to decide where to start. Before you actively recruit new members to a meeting, let's figure out how to make the meeting experience more meaningful. Look through the first 10 questions. If answer 5 is the goal, creating a Game Plan will help lead the way.

If your club needs assistance creating a Game Plan to target a specific area for improvement, call the Kiwanis Help Line at 1-800-549-2647 extension 411. The Help Line has tools, resources, and a working knowledge about many of the areas you are considering. Tools and resources are also available in the "Planning Your Club's Success" workbook.
